## Printing, Mailing & Software Resources

---

Metro Presort's production environment includes multiple pieces of the same equipment for redundancy. Designed to print for transactional documents, direct mail and commercial print applications.

---

## Printing Equipment

---

Metro Presort's production environment includes high-speed digital printing systems designed for transactional documents, direct mail, variable data printing, and commercial print applications.

### Digital Production Presses

- Canon imagePRESS C910 Color Production Press
- Ricoh Pro C9500 Color Production Press
- Ricoh Digital Printing Systems
- High-Speed Inkjet Printing Systems
- Kyocera TASKalfa Production Systems
- Canon imageRUNNER 140

### High-Speed Production Printing

- OCE 6300 Roll-Fed Printing System
- Super Web offset press for high-speed, four-color printing
- High-speed sheet-fed laser printing
- Variable data and inkjet printing capabilities

---

## Mail Processing Equipment

---

Metro Presort utilizes automated mailing equipment to efficiently prepare, sort, and qualify mail for USPS automation discounts.
